

A PROGRAM OF THE LINCOLN PARK TRIxie SOCIETY

THE DATA CENTER INITIATIVE

Massive data centers, tastefully elsewhere.

Office of the Committee · Village Distribution Only

THE POSITION

No data centers in the Village. A fully served Village.

0

data centers permitted in 60614. The campaign continues; the file on the basements remains open.

12

faraway sites on the Regional Compute Perimeter. The Village receives the service. Someone else receives the hum.

2

LPTS sites: Peat Bog Junction (primary) and Sparrow Ditch (secondary). Four of the racks are pink.

Computation is essential. *It happens where we cannot hear it.*

THE REGIONAL COMPUTE PERIMETER

Twelve sites. One Village.

Lincoln Park remains
the center of the
arrangement.

The full map and service register
accompany the site dossiers.

THE SITES

The daily essentials

1. Willardsville

Near Janesville, WI

Amazon: ChatGPT & dinner-table fact-checking

Fact-checks the outrageous dinner claim before the reservation.

3. Chigger Flats

Near Dixon, IL

Meta: Instagram Stories & spritz boomerangs

Posts the market purchase while the tote is still on the shoulder.

5. Lower Frog Hollow

Near Paxton, IL

Oracle: Member records & private databases

Retrieves membership records. The invoice explanation remains sealed.

2. Hog Sump

Near Ottawa, IL

Microsoft: Society email & reply-all archives

Produces the original invitation before anyone says she was never told.

4. Punkin Center

Near Pontiac, IL

Google: Restaurant search & review checks

Checks the restaurant before the valet takes the keys.

6. Drainage District No. 9

Near Rensselaer, IN

OpenAI: Ask Ashley guidance

Keeps Ask Ashley available before a Member makes the situation worse.

The Village support staff

7. Slaughters Grove

Near Elkhorn, WI

NVIDIA: Chips for the entire Perimeter

Supplies the chips behind the Perimeter's service to the Village.

9. Gravel Slough

Near Freeport, IL

CoreWeave: Overflow GPU capacity

Adds computing room when Village demand overruns ordinary capacity.

11. Skunk Grove

Near Mendota, IL

Anthropic: Clarifying questions & second opinions

Provides a second opinion before an uncertain answer becomes policy.

8. Peat Bog Junction

Near Winamac, IN

Equinix: LPTS website · primary host

Keeps the Society website, notices and member reading available.

10. Vulture Roost

Near Jefferson, WI

Salesforce: Lincoln Park shopping & member inquiries

Keeps Lincoln Park shopping and member inquiries in order.

12. Sparrow Ditch

Near Watseka, IL

IBM: LPTS website · backup host

Keeps a second copy of the Society site when the primary has a moment.

***“The prairie provides the power.
The Village provides the purpose.”***
